No plans for the weekend? Take part in Fabulous Feasting at Błonia!

2020-04-13

On Saturday, the 20th of July, the first Fabulous Feasting at Błonia took place in Strefa Błonia. Guests had the opportunity to try local delicacies that referred to the culinary heritage of Krakow. Similar events will also take place on other days than Saturdays.

The idea of the picnic is to relax in truly Krakowian style – with great music, excellent company, and above all, a special menu prepared for this occasion by the chef of Bistro Błonia, Paweł Gawęda. The real hit of the first picnic turned out to be Krakow's maczanka (burger-like sandwich) with the restaurant's own baked bagel, as well as grilled buckwheat bread and traditional kalach, made in a non-traditional way. All dishes were prepared from ingredients coming from local suppliers. A children's menu and outdoor attractions awaited the younger guests.

What more can be said, other than – if you have a little free time go to the field in Strefa Błonia (al. 3 Maja 55, 10:00 am – 8:00 pm – private parking with access from ul. Chodowieckiego).
